

NZIFSA Selection Policy

Version 12 (10 August 2018)

1 Policy Aims

This policy sets out criteria for New Zealand ice figure skaters to be selected to participate in the Australian Figure Skating Championships and International Ice Figure Skating events. The aims are to:

- put skaters in a position for success by providing opportunities to experience higher level competition.
- send the most competition ready skaters to international events.

2 Representative Levels

Skaters will be selected into the following representative levels

International A Team Representative

Skaters selected to this grade are those who are performing at a level consistent with international competition standards for their grade. The International A Team includes Novice Advanced, Junior and Senior skaters. The criteria for selection are specified in Section 6

International B Team Representative

The B Team provides opportunity for skaters who are approaching, but not yet at a level at which they would be competitive internationally, to be exposed to international competitions. A Team skaters will have priority over B team skaters for selection for any competitions. International B team representatives are not eligible for funding to attend international competitions. The criteria for selection are specified in Section 6

Australian Figure Skating Championship Representative

Inclusion is based on results at New Zealand National Championships each year and will be open to skaters who meet the requirements specified in Section 8.

3 Opportunities for Selection and Prioritising of Skaters

The following competitions will serve as Selection Competitions in order to:

- provide skaters who have been selected to one of the representative levels at the New Zealand National Championships with additional opportunities to make higher International Representative teams,
- ensure we send our most competition ready skaters to competitions,
- to provide an opportunity for those representative skaters who have moved up a grade to be selected at a higher grade, and,
- provide an opportunity for skaters not selected at New Zealand National Championships to gain selection for the International B Team

Selection Competition	Representative selected	Level	Priority for assignment
New Zealand National Championships	International A Team Rep International B Team Rep Australian Rep		to competitions whose entries close before 1 July the following year
Australian Figure Skating Championships	International A Team Rep International B Team Rep		to competitions whose entries close before 1 July the following year
Hollins Trophy	International A Team Rep* International B Team Rep		to competitions whose entries close between 1 July and 1 week after the completion of the New Zealand National Championships

* Skaters can only be selected to the International A Team at Hollins Trophy if they had already been selected at a representative level at the most recent New Zealand National Championships.

New Zealand Ice Figure Skating Association Selection Policy

Priority for assignment to international competitions or to the Australian Figure Skating Championships will be based on the skater's placings at the Selection Competitions with the following provisos or exceptions:

- Members of the A Team (no matter which Selection Competition they met the criteria at) will have priority for assignment over the members of the B Team for international competitions
- Skaters selected to a representative level at the New Zealand National Championships will have first priority for assignment over skaters who meet the selection criteria for that level at the Australian FSC.
- Where skaters selected to a representative level at the New Zealand National Championships are unable to attend Hollins Trophy, or do not re-attain the TES for selection at Hollins Trophy, their order of priority for assignment will be a) after those who meet the selection criteria at Hollins Trophy and b) in order of placings at the most recent New Zealand National Championships.
- For Junior Grand Prix the Board may limit the number of events a skater may attend.
- For Junior Worlds and Senior Worlds priority is given to the skater with the highest combined qualifying TES from an ISU recognised international competition.

Skaters who are age eligible to compete in more than one grade of international competition, who compete at a Selection Competition and meet the international selection criteria for the grade competed in, will also be named to any lower grades they are age eligible for. The order of priority for assignment to the lower grade will be based on the skater's Total Score, adjusted to reflect the element requirements and programme component factoring for the lower grade (See Appendix A).

NOTE: For a Synchronized Skating team to retain their selection 75% of the team going to the Australian FSC or an international competition must have been listed for the team that was selected at the previous New Zealand National Championships and meet requirements for that grade for that competition.

4 Publication of Minimum Technical Element Scores

The minimum required points total for Technical Element Scores for each level and for each grade will be reviewed on an annual basis to take into account changing standards of skating, elements required to be performed and rule changes that affects the Scale of Values for elements, the level of the elements that can be achieved and the number and level of the skaters in the grade. The minimum TES scores will be published by 31 July each year. This allows for minimum TES scores to be adjusted due to changes at ISU Congress and/or through ISU Communications for the next ISU skating season.

5 Announcement of Representative Teams

A provisional announcement of those skaters named as representative skaters will be made within 48 hours of the conclusion of Selection Competitions or at the social function afterwards. Selections will be confirmed within one week of the end of the Selection Competition. Any corrections to the provisional announcement will be discussed with the skater(s) concerned prior to publication.

6 Selection Criteria for International Representatives

Inclusion is based on results at the Selection Competitions specified in Section 4 and will be open to those skaters who

- a) have competed at the New Zealand National Championships for that skating season. ***see NOTE**
- b) have the required medal test to compete in that grade. For synchronised grades see Appendix B for test requirements.
- c) meet the minimum Total Element Score (TES) for either the International A Team (see Appendix C), or the international B Team (see Appendix D), and
- d) meet ISU requirements for that grade and/or discipline.
- e) Meet any additional requirements outlined below

New Zealand Ice Figure Skating Association Selection Policy

NOTE: Any skater currently named to a Development Squad, as per the Skater Development Policy, who is unable to compete at the New Zealand National Championships due to illness, injury, bereavement or other exceptional circumstances, may apply for an exemption in order to be considered for selection to International Competitions (refer Section 9).

Those selected to compete at an International event will receive confirmation no later than one month prior to the event except where the timing of events precludes such notice. The NZIFSA shall, however, endeavour to provide any skaters nominated to compete at an International event with as much notice in advance of the event as is reasonably possible.

Those nominated for International representation at Junior Grand Prix events must submit their choices of events to attend by 20 June each year to the General Secretary.

For other ISU Championships, selected skaters must confirm their intention to compete at the events they have been selected for no later than one month following confirmation of their selection for that event. Failure to comply with this requirement will result in loss of selection opportunity and NZIFSA funding for that event.

For any International or ISU event, if injury occurs after selection, a medical clearance is required before departure. The medical clearance is to be sent to the NZIFSA Secretary.

In the event of the selected skater(s) being unavailable or ineligible to compete the NZIFSA Board may give consideration to other skaters who meet the criteria as set out above.

i) Selection of skaters for Novice (Basic, Intermediate and Advanced and ~~Basic A and B~~), Junior and Senior International Events

No additional selection criteria required other than those specified above

ii) Selection of Skaters for Junior Grand Prix Events

In addition to the selection requirements specified above, skaters must also

- a) Compete at the next Australian Figure Skating Championships or Hollins Trophy or an overseas competition of a similar standard that is listed as an ISU sanctioned event and approved by the Board.

iii) Selection of Skaters for Four Continents Championship

In addition to the selection requirements specified above, skaters must also

- a) Have competed in an ISU recognised international competition during the ongoing or immediately preceding season and reaching the applicable minimum ISU Total Element Scores (points) for the short and the long programme. The applicable minimum Total Technical Scores shall be announced for each season and published in an ISU Communication. See current ISU Rules for further clarification.

iv) Selection of Skaters for Junior and Senior Worlds

In addition to the selection requirements specified above, skaters must also

- a) Have competed in an ISU recognised international competition during the ongoing or immediately preceding season and reaching the applicable minimum ISU Total Element Scores (points) for the short and the long programme. The applicable minimum Total Technical Scores shall be announced for each season and published in an ISU Communication. See current ISU Rules for further clarification.

v) Substitutes will be named for International Competitions (where appropriate), the Four Continents Championships, Junior Worlds and Senior Worlds. The skaters named as substitutes will be the next prioritised skater/couple for that grade who meet all the other requirements for selection.

vi) Selection of team(s) for Junior Synchronized Worlds or Senior Synchronised Worlds
Team(s) who meet the following criteria will be eligible for selection to Junior or Senior Synchronized Skating Worlds.

- a) Having competed at the New Zealand National Championships for that skating season.
- b) Having met the minimum qualifying TES (see Appendix C).

New Zealand Ice Figure Skating Association Selection Policy

- c) Having competed at the Australian Figure Skating Championships or an ISU recognised ISU International Competition during the ongoing season.

In the event of a team not meeting the above criteria, consideration may be given to forming a national synchronised skating team, Skaters who meet the following criteria will be eligible for selection to the National New Zealand Team;

- a) Having been a member of a Synchronized Skating team in the previous 36 months and actively training
- b) Having auditioned for the National Team and met the points total according to a rubric set and published prior to the audition.
- c) Having passed the required test by the date of the audition;
 - Senior – Silver Stroking Test or Silver Pattern Dance Test
 - Junior/Novice – Inter Silver Stroking Test or Inter Silver Pattern Dance Test
- d) In the case of injury or illness, a medical certificate is required. The medical certificate must be issued on the stationery of the Medical Professional and duly signed by the Medical Professional.

The medical certificate must include:

- i. The date of the injury or date of onset of illness,
- ii. The expected date of return to full activity.

vii) Selection of additional skaters where an international event is held in New Zealand

Should an International event be held in New Zealand, in any grade that has less than three selected New Zealand International A Team or B Team Representatives competing, the min TES required may be lowered but not below the Australian Figure Skating Championship selection TES, and/or the minimum number of selected New Zealand athletes may be raised (equally for all grades). Any additional skaters selected in this manner will be named as New Zealand Representatives to this specific event only and will be unfunded.

7 Selection of Skaters for the Australian Figure Skating Championships

To be eligible for selection for the Australian Figure Skating Championships skaters must meet the following criteria:

- a) Competed at the most recent New Zealand National Championships in the same discipline and in the same grade as selected for; and
- b) Have met the minimum TES for New Zealand Representatives for the Australian Figure Skating Championships (Appendix E); and
- c) Meet age requirements for the grade; and
- d) Have passed the Required Tests. Test requirements are as per New Zealand competition requirements. Skaters are, however, advised that Australian grade programme requirements may be different.

NOTE: For a Synchronized Skating team to retain their selection 75% of the team going to the Australian Figure Skating Championships must have been listed for the team that was selected at the previous New Zealand National Championships and meet requirements for that grade for that competition.

The number of skaters selected per grade will be dependent on the entries allowed by Ice Skating Australia. Substitutes will be named for all grades and will be the next placed eligible skater.

New Zealand Ice Figure Skating Association Selection Policy

If injury occurs during or after selection or a skater is selected when competing with an existing injury, a medical clearance from a medical doctor is required before departure. The medical clearance is to be sent to the NZIFSA Secretary.

Any skater named to a Development Squad, as per the Skater Development Policy, who is unable to compete at the New Zealand National Championships due to illness, injury, bereavement or other exceptional circumstances, may apply for an exemption in order to be considered for selection to the Australian Figure Skating Championships (refer Section 8).

8 To Apply for an Exemption:

Where a skater that has been named to a Development Squad, as per the Skater Development Policy, is unable to compete at the New Zealand National Championships due to illness, injury, bereavement or other exceptional circumstances, they may apply for an exemption in order to be considered for selection for International Competitions or the Australian Figure Skating Championships; provided they meet the following criteria:

- a) The skater must have entered the New Zealand National Championship (submitted an entry form with accompanying fee) for that year in the grade and discipline they wish to be considered for.
- b) The skater must submit to the NZIFSA Secretary within 72 hours of the notice of withdrawal from the New Zealand National Championships:
 - i. Notice to apply for exemption to maintain nomination to International Competitions or the Australian Figure Skating Championships, and;
 - ii. In the case of injury or illness, a medical certificate is required.
- c) The medical certificate must be issued on the stationery of a Medical Professional and duly signed by the Medical Professional.
- d) The medical certificate must include:
 - i. The date of the injury or date of onset of illness,
 - ii. The expected date of return to full activity.

Once the skater is cleared for return to full activity, the skater must undergo a monitoring session(s) as directed by the High Performance Officer or an NZIFSA nominated representative. Selection for International Competitions or the Australian Figure Skating Championships will only be considered based on satisfactory performance at such monitoring session(s). The skater granted selection under exceptional circumstances will be named as the substitute for that grade.

9 Appeals

Appeals on selection may be made only on the basis that the score for a skater or skaters at the New Zealand National Championships or at the Selection Competition was not correctly calculated and that the error would have otherwise resulted in the skater's selection. Appeals on other grounds will not be considered including appeals on the basis that an element or its level was incorrectly called or that GOEs or programme components fell outside of any guidelines or rules. Appeals must be lodged within 7 days of the announcement of selections. Selections will be considered provisional until all appeals have been heard and decided.

10 Requirements and Responsibilities of Selected Skaters

Skaters must observe the following requirements in order to ensure that they retain their selections:

- a) All skaters competing in International events and the Australian Figure Skating Championships must complete and sign a Representative's Agreement at the time they submit their entry forms. Failure to adhere to this requirement will result in their entries not being accepted.
- b) If an injury occurs after selection, of a nature which would prevent the skater from undertaking regular training, a medical clearance is required before departure to ensure that the skater complies with ISU Rules. The medical clearance is to be sent to the NZIFSA Secretary.
- c) All skaters representing New Zealand at International competitions must wear the designated New Zealand uniform while travelling to and from the competition, and at official functions. The NZIFSA may provide representatives with a suitable New Zealand uniform or tracksuit.
- d) Selected skaters are responsible to complete the entry forms, travel forms, hotel forms, planned programme content sheets, declarations, press/music information forms, and other relevant documentation and forward to the NZIFSA Test & Competition Secretary at least one week prior to the closing date.
- e) A skater competing at an overseas International competition is required to have medical insurance to cover medical costs and transportation back to New Zealand for injuries or illness while attending overseas competitions.
- f) Any skaters being awarded Prize money due to their placing at an international/ISU competition shall be entitled to keep these monies, less up to 10% payable to NZIFSA as per ISU Rules.

12 Requirements and Responsibilities of Coaches, Chaperones, Team Leaders, Officials and other representatives attending international competitions

- a) Any person attending a competition in an official capacity or travelling or staying officially with the team, including but not limited to coaches, chaperones, team leaders, judges, officials, administrators, and the Board and Technical Director, must complete and sign a Representative's Agreement by the closing date of entries for that competition(s).

APPENDICES:

APPENDIX A – ADJUSTMENT OF TOTAL SCORES FOR SINGLES

	Adjustment to SP TES	Adjustment to SP PCS	Adjustment to FS TES	Adjustment to FS PCS
Senior to Junior	Nil	Nil	Remove the choreographic sequence	Nil
Junior to Advanced Novice	Remove the flying spin Remove the 1.1 highlight distribution bonus	Remove the choreography component mark and re-factor according to Advanced Novice factors	Remove the spin in one position, and the lowest value jump element. <u>Level 4 spins will be altered to Level 3.</u> Remove the 1.1 highlight distribution bonus	Remove the choreography component mark and re-factor according to Novice factors
Advanced Novice to Intermediate Novice	Remove SP scores	Remove SP scores	Remove the lowest value jump element. <u>Level 3 spins will be altered to Level 2.</u>	Remove the transitions component mark and re-factor according to <u>Intermediate Novice</u> factors.
Intermediate Novice to Basic Novice	N/A	N/A	Remove the <u>lowest value jump element.</u>	Remove the <u>Interpretation component mark and re-factor according to Basic Novice</u> factors.

APPENDIX B – Test Requirements for International A Team Synchronised Representatives

All team members must have the following medal test attainments by the conclusion of their event at the Selection Competition.

Senior Worlds and International

Silver Stroking or Pattern Dance Test

Junior Worlds and International

Inter Silver Stroking or Pattern Dance Test

Advanced Novice International

Bronze Stroking or Pattern Dance Test

APPENDIX C - TES FOR INTERNATIONAL A TEAM SELECTION

		2018/2019 Minimum TES
Singles	Grade	Combined SP & FS TES
	Advanced Novice Ladies	30.00
	Advanced Novice Men	35.00
	Junior Ladies	40.50
	Junior Men	52.50
	Senior Ladies	47.50
	Senior Men	67.25
Pairs	Grade	Combined SP & FS TES
	Advanced Novice	32.50
	Junior	57.75
	Senior	67.25
Dance	Grade	Combined SD & FD TES
	Advanced Novice	25.75 (0.5x(PD1+PD2)+FD)
	Junior	45.75

New Zealand Ice Figure Skating Association Selection Policy

	Senior	63.00
Synchronized Skating	Grade	Combined SP & FS TES
	Advanced Novice	21.50 (FS only)
	Junior	36.75
	Senior	44.00

These minimum scores are derived from International competition results (excepting ISU championships) for the preceding season and are based on the marks of those skaters who finished at the 20th percentile point for the grade.

The 2018/2019 TES will be applied at Selection Competitions held on or after 1 July 2018 and before 1 July 2019.

APPENDIX D – TES FOR INTERNATIONAL B TEAM SELECTION

		2018/2019 Minimum TES
Singles	Grade	Combined SP & FS TES
	Basic Novice	9.00 (FS only)
	Intermediate Novice	10.75 (FS only)
	Advanced Novice Ladies	25.50
	Advanced Novice Men	29.75
	Junior Ladies	34.50
	Junior Men	44.75
	Senior Ladies	40.25
	Senior Men	57.25
Pairs	Grade	Combined SP & FS TES
	Basic Novice	8.25
	Advanced Novice	27.75
	Junior	49.25
	Senior	57.25
Dance	Grade	Combined SD & FD TES
	Basic Novice	13.00 (0.5x(PD1+PD2)+FD)
	Intermediate Novice	17.75 (0.5x(PD1+PD2)+FD)
	Advanced Novice	22.00 (0.5x(PD1+PD2)+FD)
	Junior	39.00
	Senior	53.75
Synchronized Skating	Grade	Combined SP and FS TES
	Basic Novice	12.00 (FS only)
	Mixed Age	18.25 (FS only)
	Advanced Novice	18.25 (FS only)
	Junior	31.25
	Senior	37.50

These minimum scores are derived from the international results for the preceding season and are based on 85% of the marks for selection to the International A team

The 2018/2019 TES will be applied at Selection Competitions held on or after 1 July 2018 and before 1 July 2019.

APPENDIX E – TES FOR AUSTRALIAN FIGURE SKATING CHAMPIONSHIPS SELECTION

		2018/2019 Minimum TES
Singles	Grade	Combined SP & FS TES
	Basic Novice	8.00 (FS only)
	<u>Intermediate Novice</u>	9.25 (FS only)
	Intermediate	9.25 (FS only)
	Advanced Novice Ladies	22.50
	Advanced Novice Men	26.25
	Junior Ladies	30.50
	Junior Men	39.50
	Senior Ladies	35.50
Senior Men	50.50	
Pairs	Grade	Combined SP and FS TES
	Basic Novice	7.25 (FS only)
	Advanced Novice	24.50
	Junior	43.25
Senior	50.50	
Dance	Grade	Combined SD and FD TES
	Basic Novice	11.50 0.5x(PD1+PD2)+FD
	<u>Intermediate Novice</u>	15.75 0.5x(PD1+PD2)+FD
	Advanced Novice	19.25 0.5x(PD1+PD2)+FD
	Junior	34.25
Senior	47.25	
Synchronized Skating	Grade	Combined SP and FS TES
	Basic Novice	10.50 (FS Only)
	Mixed Age	16.25 (FS only)
	Advanced Novice	16.25 (FS only)
	Junior	27.50
Senior	33.00	

These minimum scores are derived from the international results for the preceding season and are based on 75% of the marks for selection to the International A team.
